

Central Coast Woodturners

*HAPPY HOLIDAYS TO ALL
Hope to see all at the
Holiday Luncheon*

The December meeting was short but productive.

Dates to be remembered are Sunday January 19, Time for attitude adjustment will be about 1:00PM with luncheon to follow soon after.

Here's the needed info:

Place is Pear Valley Vineyard in Paso Robles. \$20.00 per person

Payment can be sent to Bill Kandler at 792 Phillips Road, Arroyo Grande, CA 93420

We will have a gift swap, the rule is, you bring one, you go home with one, gifts should be in line with holiday theme.

Spouses are urged to bring along their specialty for viewing.

In the past, some have chosen to bring a type of after dinner desert, not mandatory.

Most of all be reminded that this is a time to share with other members and spouses of the CCW Family.

Note, if possible get your payment in as soon as possible so there will be time to print name badges.

Next announcement is the scheduled demonstration by David Ellsworth on Friday

March 14th in Bill Kandler's shop start time is 9:00AM. David is a worldwide known turner with items in high places, it should be put in your must see schedule.

Dates for down the road sessions are Saturday February 22nd, this will be our 1st "Rookie Camp Saw dust session" of 2014.

This will be a good time to bring up your problem areas, like tool sharpening, mounting of work safely, finishing with various products.

We will have 3 lathes and should be able to get some of our senior and advanced turner to help.

Lastly for now, in May, no date yet set we will host Ray Key of England. Point of information, if you have time seek out the fore mentioned names to see photos and descriptions of their work.

January starts a new year which brings us up to Dues Paying time, if paying by check, you can make it out to CCW and forward it to Bill Kandler, Dues as always is \$25.00

Challenge Project

The project was to turn something in the holiday mood. and was almost completely ignored, Rick Hasseman went in a different material, but, was still turning.

He presented a turned ornament made of the same foam plastic that is used in flower arrangements and covered with hundreds of glistening diamond like pieces and sequins, really different

A suggestion by Ron Glahn to be considered is the possibility of car pooling to next year's symposium in Phoenix, AZ. Phoenix is within driving distance.

Going back a week, Eric Holmquist, our December visitor gave us a demonstration on Air Brush painting to enhance a turning and ten later, piercing with Dental tools. (We had 2dentists in attendance.)

Eric showing one of his latest turning and piercing project. The design was inspired by Eric's business travels to India. He described as a way of giving ventilation and still being closed enough to keep privacy

Gordon Rowland showed his latest acquisition, Drill Doctor, Always have a sharp drill handy

Ron Glahn showed us a project that he learned using a very thin Jewelers saw to cut and imbed shell like material He also offered as the challenge for next month, that being a pen or pencil to be forward to our armed forces

Next Meeting Saturday January 11th 9:AM Odd Fellows Hall 520 Dana St San Luis Obispo, CA
Challenge project Turn a pen for our Armed Forces
