Pres George visited several inactive members during the past month – Ken Ray, Wayne Bickford, and Emma Bryson. All are aging gracefully but the message is to turn often and enjoy every day while you are able!

George and Gordon Rowland visited Ray Johnson who bought the inventory of Forgotten Woods. Ray is anxious to sell wood so call him at 610-2154 (h), or 461-3650 for details.

Karen Rice from Bay Area Woodturners is organizing a directory of woods indigenous to States and Canadian Provinces. George has details for those interested.

John Beaver will demo at Cabrillo Middle School in Ventura on November 19th - \$45 for non local club folks. He does the wave technique.

Dean Atkins from the Bay Area chapter told George that Jimmy Clewes will give a demo there on January 10th and 11th and could come down here if enough are interested. He will need a host house as George has guests. Ditto for Alan Lacer in February. Let George know of your interest.
